Gospel Encounter Internship Application

The Gospel Encounter Internship Program is a six-month missional internship where you will experience missional living, discipleship, outreach, and community.

Students will live and work as a team but also as a family. There will be months of discipleship classes tAlong with learning experiences, you will be required to raise your financial support. This is to teach you how to fundraise effectively and take the place of your current job. This ensures that you will be one hundred percent invested in this internship. The funds you raise will go to your rent at the Discipleship House, food, any lodging for places on outreach, and any supplies needed for future outreaches that we do.

Toward the end of the internship, all interns will be planning and executing their own outreach with the skills and ideas they have picked up during the six months. You will work on this together with your fellow interns.
